Yeah, ooh yeah
My mysterious heart
Oh make you smile
Ooh~ yeah

Pretty flower petals are falling outside my window
I see my reflection in the glass
My heart is squirming, it's fluttering so much
Only smiles fill my lips
Make you smile, yeah

I'm hugging my pounding heart
Like a child
I'm waiting for you
Everything will change at the blink of an eye
I'm ready

High in the sky, to the stars
I'll fly and follow the stars
By any chance
Will I find you?
Where should I go? will you see me?
Twinkling like that star
I'm tinker bell aha aha
I'm, I'm tinkerbelle aha aha
Feel me
Where should I go? will you see me?
I glow like that star
I'll sprinkle love on you
I'm tinker bell

Will I meet you on a spring day?
I tried imagining your smile
Sweetly and cutely
I will make pretty dreams with you

Make you smile, yeah

I'm hugging my pounding heart
Like a child
I'm waiting for you
Everything will change at the blink of an eye
I'm ready

High in the sky, to the stars
I'll fly and follow the stars
By any chance
Will I find you?
Where should I go? will you see me?
Twinkling like that star
I'm tinker bell

I'm on my way to meet you
It's strange and awkward but
I'll close my eyes
Look up to the sky
I'll fly away

(Oh) high in the sky, to the stars
I'll fly and follow the stars (fly)
By any chance (only you)
Will I find you?
Where should I go? will you see me?
Like that star I'll shine
I'm tinker bell
Aha aha
I'm, I'm tinker bell
Aha aha
Feel me
Where should I go? will you see me?
I glow like that star
I'll sprinkle love on you
My story is for you
I'm tinker bell
