Can't I stop the clock just for a moment?
Don't hesitate, wake up yeah!

Wake up! wake up!
Hurry up make up!
I'll be lovable and run to you
My trembling heart is about to open but not
Warmer than the sunlight
You (you) hug me (yeah)
Melt my heart
Wake up oh my love!
Wake up oh my love!

I hear the sweet sound
Of you calling my name (your voice)
How is time passing so quickly?
Oh my love, oh my god
Should I softly lean on your shoulder?
Should I carefully cross the line?
Secretly going to you, yeah

Wake up! wake up!
Hurry up make up!
I'll be lovable and run to you
My trembling heart is about to open but not
Warmer than the sunlight
You (you) hug me (yeah)
Melt my heart
You're my love, yeah!

So embarrassed
I can't keep a straight face when I look at you

In front of the mirror
I prettily practiced saying I like you
Words that my heart hid
But when I see you, I keep laughing

Wake up! wake up!
Hurry up make up!
I won't hide it, I'll run to you
My heart is fluttering so much I can't take it
Give me your hand, hold my hand
You (you) on my cheeks (yeah)
Softly kiss me
Melt my heart, love

Wake up oh my love!
Wake up oh my love!
Wake up oh my love!
