

# Bad Dreams

Aqualung

What goes up must surely come down  
And ever since my luck turned around  
That's been ringing in my ears

And maybe there's no credit or debt  
And it's just a matter of holding your breath  
And laughter isn't weighed in tears?

I'll take the bad dreams  
Gladly suffer those bad dreams  
Every broken goodnight  
Every missing heartbeat  
Oh I take the bad dreams  
Gladly suffer those bad bad dreams  
If it keeps you safe  
If it keeps you safe  
One more day

Every living thing moves, every living thing grows  
And one day you'll wave from your yellow brick road  
And I'll wave back 10 fingers crossed

Wondering when the time comes what will you choose?  
Something to live for or nothing to lose?  
Sunburst smile or midnight blues?

I, I, I  
I, I, I  
I'll take the bad dreams  
Gladly suffer those bad dreams  
Every broken goodnight  
Every missing heartbeat  
Oh I take the bad dreams  
Gladly suffer those bad bad dreams  
If it keeps you safe love  
If it keeps you safe

The falling, the burning  
The knock at the door  
The knocking, the screaming  
The silence, the roar  
The tearing, the killing  
The ariel view  
Your beautiful face  
On the 10 o'clock news  
The mountain you climb  
But you never come down  
The misunderstanding  
The wrong side of town  
That scared motherfucker  
Who's standing his ground  
On and on oh

I'll take the bad dreams  
Every broken goodnight  
Missing heartbeat  
Oh I take the bad dreams

Sweat a lifetime of bad bad dreams  
If it keeps you safe  
Keeps you safe  
One more day  
One more day
