

Champion Of The World

Aqualung

Standing on my shoulders
With your chin squared at the world
Taking on the world

Growing always growing
Are you looking where you're going, honey?

So you're a soldier now?
Your heart marching to that beat
You got it
Your boots just a bit too big for your feet

But you're a soldier now
Champion of the world

Filling in your feathers
Always dreaming of the sky
Just don't look down

And we'll be down here beaming
Barely breathing
Til you're back on solid ground

So you're a soldier now?
Your heart belting out that tune
You got it
Your feet just a bit too big for your shoes
You grab it
Jumped in like you got nothing to lose
You got it
And who knows where you're taking it to...

But you're a soldier now
You're a soldier now, now, now

Can we just stop for a second
Freeze frame, just stop for a second
Take a look at that face for a second
Just remember this place for a second
Kick open that door
Champion of the world

Sail on, Danny
Sail on, Danny
Sail on

Your turn to be champion now
Sail on, Danny, oh
Your turn to be champion now
Sail on, Danny, oh
Your turn to be champion now
You're a soldier now
You're a soldier now
It's your turn to be champion now

It's your turn to be a champion now...
