

# Fool

Aqualung

I still don't know  
What I was waiting for  
When nothing changes anymore  
The world still turning in the usual way  
And the two of us go on the same  
Just the two of us

It's been a while since I told the truth  
The way I feel when I look at you  
The words are old  
And they're overused  
But that doesn't stop them  
Being true

So I'm going to say it  
Straight out  
You're the star in my sky  
And all I do  
Is reflect your light  
You think I'm a fool  
I think you're right

Some people say  
That the magic's gone  
Once you find out how  
The trick is done  
But I watch those same old records  
Spin  
And I never want the song to end  
Just play me the same old song  
Again

So don't you hear what I say?  
You're the hurricane  
That blows me away  
I close my eyes  
And I hold on tight  
You think I'm a fool  
I think you're right

I do  
I hold on tight  
You think I'm a fool  
I think you're right

The other morning  
The sun came out  
Pushed his arms  
Right through the clouds  
I looked at you  
And I heard you say  
"I hope you shine on me  
Til my dying day"  
Won't you shine on me  
Won't you shine on me  
Won't you shine on me  
Won't you shine on me

I'm going to say it  
I'm going to say it  
I'm going to say it  
I'm going to say it

You think I'm a fool  
You think I'm a fool

I'm going to say it  
Straight out  
You're the star in my sky  
And all I do  
Is reflect your light  
You think I'm a fool  
I think you're right  
I think you're right  
I think you're right
