

## Am I

Aquaria

Hello  
Please to meet you  
Let me introduce myself  
AM I the end of the world?  
Maybe yes maybe no.

Forget everything you know about the past until today  
The books taught you wrong  
A new story starts here.  
Why?

I AM I AM I  
The dirty you throw away

I AM I AM I  
The choreography full of mistakes

I AM I AM I  
The child that you always hide  
What could you do?  
Is the end of time

We really don't care about your beliefs  
Actually, we really don't care about nothing  
Cause there's no beliefs  
And there's nothing too

NO is a beautiful word  
Actually, is the only real one

In fact, there's nothing!  
Everything were wasted  
Because I want to!

Oh! How could you do this to me?  
I was ready to fix the history  
The end of the world can't be seen!  
You are part of me  
Please, believe!
