

# It All Comes Down To This

Aquilo

Took you down to a little place by the river  
Going down down down down down  
Did you played with my heart like it's nothing but water?!  
Falling down down down down

So help me  
It's moving faster than ever  
Second is another way to remember  
Going down down down down down  
Going down down down down down

And it all comes down to YOU  
And it all comes down to YOU

Silence is where the time is forgotten  
It's movements you won't last  
Going down down down down down  
Going down down down down down

And it all comes down to YOU  
And it all comes down to YOU

And it all comes down to YOU  
And it all comes down to YOU
