

It's Only Love

Aquilo

It's more than a feeling
It's deeper than a cut
Something to believe in
It's something in your gut

It's only love, babe
Isn't that enough?
It's only love, babe
Isn't that enough?

Ooh, I can feel you giving it up
Ooh, I can feel you giving it up

It's all in the question
And there's no wrong or right
Are you searching for answers
That are hidden in plain sight?

It's only love, babe
Isn't that enough?
It's only love, babe
Isn't that enough?

Ooh, I can feel you giving it up
Ooh, I can feel you giving it up

There's a million different reasons to run
Run away
There's a million different reasons to run
Won't you stay?

It's only love, babe
Isn't that enough?
It's only love, babe
Isn't that enough?

It's only love, babe
Isn't that enough?
It's only love, babe
Isn't that enough?
