

## Talking To Yourself

Aquilo

You're back again for what?  
You can tell a friend or not  
So why do I care so much?  
I get off with a human touch

And I'm allowed to say  
It's a beautiful mistake  
And I'm gonna change my mind  
I get lost when I turn back time

You're talking to yourself  
(I'm talking to myself again)

And I can hardly wait  
For you to show your face  
Well I made the world I know  
And you will never let it go

You're talking to yourself  
(I'm talking to myself again)
