

Think I left my sweater back at your house
Bluffin', I just wanna keep you around
Can we pour up somethin' we can barely pronounce?
Know it's difficult to say, "I love you" out loud
Been a minute since I went and took the love route
But you visit and you kiss away my self-doubt
And you're closest to the sidewalk when we go out
You see me in

Everything you do, how you call my name
Sunday afternoon, come and make it rain
Let the flowers bloom, ease my pain
Always tell the truth, can you answer me?
Ooh-ooh
What is it you see in me? (What is it you see?)
Tell me why do you believe in me? (Mm-hmm, mm)
Would you keep your schedule free for me? (Ooh-ooh-ooh)
I love it here, you're pleasin' me
Go on, get deep for me, ooh
This kind of love is freein' me, go on
I'ma listen, you can speak to me (Ooh)
Tell me what it is you need from me

In any other universe, I'd find you
I'm fallin', you're my favorite thing to cling to
You love me with my past, what I can't undo

My future's in

Everything you do, how you call my name
Sunday afternoon, come and make it rain
Let the flowers bloom, ease my pain
Always tell the truth, can you answer me?
Ooh-ooh
What is it you see in me? (What is it you see?)
Tell me why do you believe in me? (Mm-hmm, mm)
Would you keep your schedule free for me? (Ooh-ooh-ooh)
I love it here, you're pleasin' me
Go on, get deep for me, ooh
This kind of love is freein' me (This kind of love is freein' me)
I'ma listen, you can speak to me (Ooh)
Tell me what it is you need from me

What is it you see in me? (Yeah, yeah)
Tell me why do you believe in me? (Why do you believe?)
Would you keep your schedule free for me? (Mm-hmm)
I love it here, you're pleasin' me
Go on, get deep for me, ooh
This kind of love is freein' me, go on
I'ma listen, you can speak to me (You can speak to me)
Tell me what it is you need from me (Oh-oh)
Yeah, yeah
Yeah
