

Effortlessly

Aqyila

Mm

Mm

I'm always overthinking
Worried about what's the next thing
Living in the past, not the present

I gotta trust where I'm heading
There's no dead ends, so I must

Take a breath and just ah
Woosah
It's gonna be alright
Say it flows to me

Ooh, ah
Effortlessly
What's on its way will not miss me
Effortlessly

I choose my thoughts like I'm choosing my clothes
Everything that's meant to be will just flow
I am like water, I float through the growth
I exude radiance, look at the glow

So I gotta trust where I'm heading
Does not exist, there's no dead ends
The future is bright, endless, so I must

Take a breath and just ah
Woosah
It's gonna be alright
Say it flows to me

Ooh, ah
Effortlessly (Oh)
What's on its way will not miss me (Will not miss me)
Effortlessly (Effortlessly)
Ooh, ah (Yeah)
Effortlessly
What's on its way will not miss me
Effortlessly

When your heart's fully open
Now the good stuff gets to flow in
It's gonna be alright
It's gonna be alright
