Hello

Aqyila

Falling in love with who I am
I don't have time for anything that's gonna harm me
It may be hard to understand
Words have the power to empower or destroy me

Now, I'm looking in the inside now
Claiming what I lost and found
I'm on this journey
Returning to the old me

So, I can't fix your lonely (Lonely)
I gotta fix the whole me now
Don't need no one to hold me (Hold me)
But only if you can hold me down
Some things really happen for the better (For the better)
I had to take a fall so I could settle (I could settle)
Found my peace and grounding, now I'm levelled
New beginning, hello

(Hello, hello, hello, hello)
(Hello, hello, hello, hello)

I speak my words but with a pen
All of the thoughts and sentiments that live inside my head
Forgave my pain, I'm born again
I'm in the mood to love every single part of me
Wanna go to a place I could breathe (I can breathe)
Got no cares, drift away, c'est la vie (C'est la vie)
Meant to be, find a way, always be
I believe (I believe)

It's all because you let me down (Me down)
Went and turned that pain around (Oh, no)

All those dreams you sold me (You sold me)
I can't be the whole dream now, oh
You only want the old me

So, I can't fix your lonely (I can't fix your lonely, baby)
I gotta fix the whole me now (Whole me now)
Don't need no one to hold me (Hold me)
But only if you can hold me down (Go down)
Some things really happen for the better (For the better)
I had to take a fall so I could settle (Oh yeah, I could settle)
Found my peace and grounding, now I'm levelled
New beginning, hello

Hello (Hello, hello, hello)
Hello (Hello, hello, hello)
Oh-oh-oh, hello, hello, hello (Hello, hello, hello)
Whoa-oh-oh, whoa-oh, oh-oh, oh-oh (Hello, hello, hello)

It's the way it is (Hello, hello, hello)
Feeling like a kid (Hello, hello, hello)
All because I'm letting go (Hello, hello, hello)
All because I'm letting go (Hello, hello, hello)
It's the way it is (Hello, hello, hello)

Feeling like a kid (Hello, hello, hello)
All because I'm letting go (Hello, hello, hello)
All because I'm letting go (Hello, hello, hello)

Mmm, mmm-mmm-mmm, mmm-mmm-mmm
Mmm, mmm-mmm-mmm, mmm-mmm-mmm
Mmm, mmm-mmm-mmm, mmm-mmm-mmm
Mmm-mmm-mmm

Feeling like a kid (Hello, hello, hello)
All because I'm letting go (Hello, hello, hello)

Mmm, mmm-mmm-mmm, mmm-mmm-mmm
