Black Out

-----  
We'll make a show show show here on the scene  
It is a show show show you've never seen  
No no no no no no we keep it clean  
No no no no no no it's not obscene  
This is a song  
So very strong  
But it's not easy  
It may go wrong  
And that's what happens ev'ry night

\*Black out  
Where is the microphone  
Black out  
We're better going home  
Don't cry now  
Bye now  
Try now  
Why now

Black out  
Oh, I forgot the words  
Black out  
I hope they haven't heard  
It kills me

Thrills me  
Shakes me  
Breaks me  
We'll never make it  
If we go on like this

You had to pay pay pay to see the show  
We're gonna make make make you feel aglow  
The other night night in Mexico  
People cried cried cried Bravissimo

Look how we dance  
See at a glance  
We are fantastic  
Give us a chance  
I'm sure this time we'll get it right

\*(Repeat)

Look how we dance  
See at a glance  
Give us a chance  
I'm sure this time we'll get it right
