

High Life

Arabesque

I was poor and lonely
Till I met the only
Man that ever moved my heart
He is such a nice man
And he is wise man
For the told me from the start
"You`ve always been a poor girl
They call you: baby blue
But now you`ll see a new world
Where life is easy
Where the good things are waiting for you"
* High life
It`s like a dream to me
High life
It doesn`t seem to be
My life
I`m living like a queen
Babe babe
High life
Always on holyday
High life
Dancing the night away
High life
I`m swinging, I`m swaying
Keep playing this nice melody
Parties in moonlight
Swimming in the sunlight
In a private blue lagoon
Flying to bardados
Hunting alligators
On a rainy afternoon
I`ve always been a poor girl
I`ll never be the same
I`m living in a new world
Where everybody
Seems to say: "Life is only game"
