

# Make Love Whenever You Can

Arabesque

Make love  
Do it today, don't wait until tomorrow  
Make love  
The only way to wipe away your sorrow, love

Life is more  
Than the money you're working for  
Than the shine of a brand new car  
Than champagne or caviar  
Mmmm  
Life can be (aaah)  
Like a beautiful symphony (aaah)  
It can be just like paradise  
If you take my advice

Make love whenever you can  
Believe me, baby  
Not every now and again  
I tell you, baby  
Make love whenever you can  
You'll be a newborn man  
Oh, make love whenever you can  
Believe me, baby  
Not every now and again  
I tell you, baby  
Make love whenever you can  
You'll be a newborn man

Make love  
It gives your life a very new dimension  
Make love  
As long as you make love you won't be pensioned off

Life's a bore  
If your heart's not an open door  
When you're hiding behind a wall  
You'll be missing it all  
Mmmm  
Now come on (aaah)  
Life is short so don't wait too long (aaah)  
You'll enjoy every night and day  
If you do as I say

Chorus

Love, love!
