

# Plastic Heart

Arabesque

I told you so  
Right from the start:  
You have a warm  
Fantastic heart  
But, you fool  
Played it cool  
As if you had  
A plastic heart

Put your arms around me  
Promise that you want me  
Every time you kiss me  
Tell me that you missed me

Plastic heart, plastic heart  
Plastic heart how can you say  
You don't believe  
That love will ever come your way  
Plastic heart, plastic heart  
Plastic heart it is not true  
I'm here to make you feel  
What love can do to you

I thrilled your heart  
Your plastic heart  
It seems to be  
In love with me  
Dim the lights  
Close the door  
Say you'll be mine  
For evermore

Put your arms around me  
Tell me that you want me  
Every time you kiss me  
Promise that you missed me

Plastic heart how can you say  
You don't believe  
That love will ever come your way  
Plastic heart, plastic heart  
Plastic heart it is not true  
I'm here to make you feel  
What love can do to you

Plastic heart how can you say  
You don't believe  
That love will ever come your way  
Plastic heart, plastic heart  
Plastic heart it is not true  
I'm here to make you feel  
What love can do to you

It has no tears, a plastic heart  
(Plastic heart, Plastic heart  
Noone has a plastic heart)

It has no tears, a plastic heart  
(Plastic heart, Plastic heart  
Noone has a plastic heart)

It has no sound, a plastic heart  
(Plastic heart, Plastic heart  
Noone has a plastic heart)

Baby I found no plastic herat  
(Plastic heart, Plastic heart  
Noone has a plastic heart)
