

# Six Times A Day

Arabesque

When I can't sleep  
I count no sleep  
I count your kisses  
A lovely game to play  
And in my dream  
Again I seem to feel the kisses  
You give me every day

Do you know, do you now  
Do you know, I cannot live without your lovin'  
I wouldn't know which way to go  
If you should leave me  
I only know I'd rather die

Six times a day  
I wanna hear "I love you"  
I wanna hear "I need you"  
I wanna hear it  
Six times a day  
I wanna hear "I love you"  
I wanna hear "I need you"  
I wanna feel your love

You are to blame  
That I'm so shamefully devoted  
To no-one else but you  
When we're apart  
My lonely heart is almost broken  
It only cries for you

Do you know, do you now  
Do you know, I cannot live without your lovin'  
I wouldn't know which way to go  
If you should leave me  
I only know I'd rather die

Six times a day  
I wanna hear "I love you"  
I wanna hear "I need you"  
I wanna hear it  
Six times a day  
I wanna hear "I love you"  
I wanna hear "I need you"  
I wanna feel your love  
Feel you love, feel you love
