

## You Win Hands Down

Arabesque

Don't you see you got a silk pie  
And now then nice you giving me eye  
And got that yes it's only a jest  
To get your chick who's dancing on a trick

What a jelly story  
Quite so and on  
No one seems to love you  
But you go like you  
High for altitude

You win can't stop  
Once you're free  
And kissing is free  
You win can't stop  
True for it for you love all night long

You're having me airight  
Then you have to tight  
We're gonna see tonight  
And well and now

You say let's go  
To a bar I know  
I say OK  
And that's anyway  
You give a wink  
To mix me a drink  
I can't recall  
If I had it and fail  
Everything was hazy  
Laying in your arms  
I am weak and lazy  
Saw a man like you  
And for ever it is

Coochie-coochie  
Bonq-banq  
Coochie-coochie  
Bang-bang  
Bang-baog
