

## Do You Feel

Aranda

I wanna buy you flowers  
But you don't even want those things  
I'll write you silly love songs  
But you don't even hear them yeah

Do you feel the way that I do?  
Do you feel the way that I do?  
Do you feel the way that I do?  
Do you feel the way, do you feel it do you feel it baby?

We used to talk for hours  
Now you won't receive my calls at all  
Is there something I'm missing baby?  
I said I really wanna know right now

I wanna buy you flowers  
But you don't even want those things  
Is there something I'm missing baby?  
Cause I just gotta know right now
