

The Light And Dark

Aranda

Wake me up from the misery
A devil in my sleep tonight
This cold heart dies with a memory
Of a past life

Made my own demise
But that's no surprise to me, to me

I'm caught between the light and dark
This life is tearing me apart
The giving in feels like it never ends
But how could I ever deny?
I still believe that hope is rising up again
Just like it never ends

Break me down with your sympathy
Keep pushing me to the edge
Day turns night to the enemy
And it all begins again

Put on my best disguise
Read between the lines
Now I know, now I know

I'm caught between the light and dark
This life is tearing me apart
The giving in feels like it never ends
But how could I ever deny?
I still believe that hope is rising up again
Just like it never ends
Just like it never ends

Show me the way
Remind me where to go
Cause the broken heart that lies within
Is all I've ever known

I'm caught between the light and dark
This life is tearing me apart
The giving in feels like it never ends
But how could I ever deny?
I still believe that hope is rising up again
Just like it never ends
Like it never ends
