

teddy bear.—

Arash Buana

I was across the room
Til I knew we were doomed
And it was 10 past 2
When he came hurting u
U kept shouting out
Shouting out
Shouting those words
Didn't know
Where to go
Had my eyes closed
Holdin back the tears to flow
As I watched u go
Goin straight
Through the back door
Never thought
U could be
Doing this, oh
Now I'm all alone

I can't tell where u could be right now
But I'm finding ways on how
To get u here by now
And as I grow
I'll turn the things around
Though I'm slowly fallin down
I'll be leaving from this town
Just to find where I belong

Now it's been 7 years
The last time u came here
The memories are so clear
Bout when u dissapear
Yeah you kept shouting out
Shouting out
Shouting those words
I didn't know
Where to go
Had my eyes closed
Holdin back the tears to flow
As I watched u go
Goin straight
Through the back door
Never thought
U could be
Doing this, oh
Now I'm all alone

I can't tell where u could be right now
But I'm finding ways on how
To get u here by now
And as I grow
I'll turn the things around
Though I'm slowly fallin down
I'll be leaving from this town
Just to find where I belong

Broken bones

Up til dawn
Gettin stoned
Get it done
I've been on my own
Nothing more
So it goes
I'll be home
I can't tell where u could be right now
But I'm finding ways on how
To get u here by now
And as I grow
I'll turn the things around
Though I'm slowly fallin down
I'll be leaving from this town

I can't tell where u could be right now
But I'm finding ways on how
To get u here by now
And as I grow
I'll turn the things around
Though I'm slowly fallin down
I'll be leaving from this town
Just to find where I belong
