Within a dream, if I could laugh together with you then I wanted to tell you  
the truth  
But I didn't know what to say I gazed only at you

Even from a faraway place, it'll reach me now, somewhere  
Your painful but sweet song, it carries happiness with it

This miracle of being able to meet, look, it struck at my heart  
Without any hesitation, the world that's unfolding, it simply becomes dyed with you

Love is bittersweet it only gives off an unforgettable fragrance that seems  
to melt away  
Unrequited but so precious it'll make me stronger  
I want to remember so these memories won't fade, I'll wrap up those very days carefully  
Holding you tight in my arms, yet so gently as if you'd melt away

It's strange how you don't leave me  
I want to tell you how I long for you it's frustrating being stuck with this  
gentle pain

Losing my way in the scattered seasons, I'll go looking for you again  
Though my song will never reach you

A sky the color of tears blurs when I think of the memories  
I don't want to forget my mind's flooded with thoughts of you to the point of bursting

So I want to meet you hoping only for that one single unexpected miracle  
There's no replacement for you, my brilliant light  
Painful emotions that I can't say are still soaking into the cracks of my heart  
When I feel you, it's as if everything about myself floats away

If I had never met you, I would have been seeing a completely different world  
If there's something I'm certain of, it's that because you are here, I'm here too  
More than anyone I love you

Love is bittersweet it only gives off an unforgettable fragrance that seems  
to melt away  
Unrequited but so precious it'll make me stronger  
I want to remember so these memories won't fade, I'll wrap up those very days carefully

Holding you tight in my arms, yet so gently as if you'd melt away
