The square window cuts out a section of the evening sky that's dyed ruby red

Today grows darker as it's ending tomorrow is the day you're setting out on  
your trip

Kindness always brings along loneliness with it  
Let me close my eyes to the countless memories for now

You've always been my treasure I love you so much it's ridiculous  
If someday, you'll be able to laugh, I'll wave my hand with all my heart and  
soul

On a veranda, I saw the lights of the street's stores and houses become brig  
hter  
The vapor trails are flowing by is it because of my sigh?

If "good bye" comes out of my mouth, you'll probably be troubled, won't you?  
I wonder if just by touching your hand next to me, it would be conveyed

Between our tightly gripped hands, the dream you believed starts to come ali  
ve  
I'll never forget you the sweet evening sky is melting

Stretch out that hand twilight isn't here yet  
Grab the stars before it draws nearer  
The truth is, I really want to hold on to you...

You've always been my treasure I love you so much it's ridiculous  
If someday, you'll be able to laugh, I'll wave my hand with all my heart and  
soul

Between our tightly gripped hands, the dream you believed starts to come ali  
ve  
I'll never forget you the sweet evening sky is melting
