Whoa whoa whoa whoa

A desert boy claps his hands for your tiny ambition
The young people of the city take action, winking at the climbing sun in the
sky

Whoa whoa whoa whoa

Flying along coming out from the clouds passing over rainbows
Holding every emotion in our hearts, we connect the world

Make it echo whoa-oh-oh whoa-oh-oh whoa-oh-oh
Now, our hearts are dyed deeply a bright blue
We're goin' whoa-oh-oh whoa-oh-oh whoa-oh-oh
If you're here, there's nothing to be afraid of
Everyone is born to be loved
We're goin' whoa-oh-oh whoa-oh-oh whoa-oh-oh
Until the day when our voices envelope the world

Basking in the morning sun, I woke up and listened to a little girl's dream
No matter where we are on this planet, you can feel everyone's smiles

Listen carefully reach out your hands get your feelings ready
Holding every emotion in our hearts, we open our minds

Make it reach them whoa-oh-oh whoa-oh-oh whoa-oh-oh
Now, our hearts are dyed a fiery burning red
We're goin' whoa-oh-oh whoa-oh-oh whoa-oh-oh
I'll protect you that's what I'm alive for
Everyone gets strong when someone believes them
We're goin' whoa-oh-oh whoa-oh-oh whoa-oh-oh
So that someday these voices will make it to the future

Passing on the baton of time, the dawn will come
Holding on to each and every feeling we can, we wake up

The sun rises
Where will we go?
Crossing over the clear ocean
While crows stamp their feet onto the ground

The sun rises
Where will we go?
Crossing over the clear ocean
While crows stamp their feet onto the ground

Make it echo whoa-oh-oh whoa-oh-oh whoa-oh-oh
Now, our hearts are dyed deeply a bright blue
We're goin' whoa-oh-oh whoa-oh-oh whoa-oh-oh
If you're here, there's nothing to be afraid of
Everyone is born to be loved
We're goin' whoa-oh-oh whoa-oh-oh whoa-oh-oh
Until the day when our voices envelope the world

We'll send them to you
