Oh-oh such a fine lady on the disco floor

The whole town is making noise let's get together and get this started
It's a happy, groovy party time
It's a disco night if the door opens up
Our bodies feel a numbing beat

Try to be a bit more daring than usual
The throbbing of our hearts is the magic of this special night
It's a disco night nobody knows it yet
It's a disco the mirror ball shines down on us

A majestic sound, like from a dream, is playing
Let go of all of your feelings

At this party tonight, I found you dancing
The urge to get on the disco floor is growing stronger
Because a night like this won't come again
Let's dance together anywhere tonight

Oh-oh oh-oh dance on this disco night
Oh-oh such a fine lady on the disco floor

It's like a wave of light, shining and connecting us
We become one
It's a disco night no matter what colors the lights dye us
In the disco they'll melt away to new colors

Now, in this moment, have some more fun throw away your hesitation

Skin touching skin, gazing at you in this party tonight
Through our touch, we can feel our heart beats on the disco floor
Until today greets tomorrow
Don't stop let's keep dancing like this tonight

Yeah, uh-huh, that's right 1, 2, let's go!

Oh-oh oh-oh dance on this disco night hey!
Oh-oh oh-oh let's dance on the disco floor

While our bodies sway, if our gazes were to meet, I'd lose control
It twinkles over and over around us until morning, keep going get down on th
e floor
