窓の外を 見つめて
君の横顔が 悲しくて

言葉 選んで 話しかける
君のさよならに 対して

雨の音に ふたり 照らされて
影は もう二度と 重ならない

遠くへ 君の 距離を
君の 影を 追いかけて

遠くへ 君を
君を 止めておきたい

雨の音に ふたり
影は もう二度と

遠くへ 君を
君を 止めておきたい

遠くへ 君を
君を 止めておきたい

遠くへ 君を
君を 止めておきたい

Looking outside of the window that sounds of rain
Your face looks so sad

I carefully chose my words
I was afraid of hearing your "good bye"

I can't do anything for you
I can't do anything at all for your love

The room lamps illuminates the two of us
Our shadows will never overlap one another again

The days we couldn't meet made our hearts grow further apart
That can't be buried away

I love you but now
I can't stop you you're so far away

The sin of having made you cry, I'll carry it with me
I can't make you happy

I can't do anything for you
I can't do anything at all for your love

I love you but now
The only thing I hear is the sound of footsteps becoming faint
