An unending long way a far off dream way
In front of us is a freeway of stars
It keeps going, that's right, it just keeps going
Holding you alone there's nothing to be afraid of
We keep going, that's right, we just keep going

Just a little kiss not from only one of us
I talked with you, who were in the side seat
Only that is enough for me if our feelings are connected
I turn off the hazard lights let's keep going, like usual

Going quickly through the sunlight on a noisy afternoon
Also passing by a lonely twilight

An unending long way a far off dream way
In front of us is a freeway of stars
It keeps going, that's right, it just keeps going
Holding you alone there's nothing to be afraid of
We keep going, that's right, we just keep going

We won't decide our destination tonight
But it's somewhere in our hearts
It's okay to lean on me your slender shoulder
Was a wonderful weight casually, I want to feel it

A dazzling gentle light is shining on us
Passing by so many winds of time

Let's go like this let's go together look, there's a freeway of stars in front of us
It keeps going, that's right, it just keeps going
Every time we pass over into tomorrow it's always there, a freeway of stars
We keep going, that's right, we just keep going

Let's go like this let's go together look, there's a freeway of stars in front of us
It keeps going, that's right, it just keeps going
Every time we pass over into tomorrow it's always there, a freeway of stars

We keep going, that's right, we just keep going
