You're just like a...

You're just like a...

The morning star at dawn

Hung up on your... ah

The expression of daybreak

Don't tell me why

Even desire becomes a weapon when it happens excessively I don't know my own  
place  
Deceiving and being deceived I can't exist without an opponent  
A persistent fighter

Heavenly, feel fine, all or nothing  
Chasing extravagant daydreams  
Falling out, give me glorious kiss  
The instinct to prowl don't back out

Hung up on the fact that no matter what, there's a bump in eternity (oh! hey  
, super soul!)  
Hung up on the fact that no matter how you look at it, life is a trap (give  
me a chance)  
Hung up on the fact that no matter what, it's a complicated funk (oh my god,  
help me just now)  
Hung up on there is the no way out shakin' heart, shakin' heart, cry

(You're just like a...)

Don't tell me why  
Struggling wholeheartedly in the middle of a fog I'm out of breath  
That's right, I should revive myself on your gentle love  
After all, I'm a common boy

Forever, loving, but we are all  
Wanting a love that won't cool down  
Every day, call you in a daydream  
Oh, illusions, regrets don't back out

Hung up on the fact that no matter what, there's a bump in eternity (oh! give  
me your love)  
Hung up on the fact that no matter how you look at it, life is a trap (tell  
me a truth)  
Hung up on the fact that no matter what, it's a complicated funk (don't look  
back)  
I never need any of mercy, what a joke shout it out, shout it out now

Hung up, hung up, hung up on the fact that no matter what  
Hung up on the fact that no matter what, there's a bump in eternity (oh! hey  
, super soul!)  
Hung up on the fact that no matter how you look at it, life is a trap (give  
me a chance)  
Hung up on the fact that no matter what, it's a complicated funk (oh my god,  
help me just now)
