Do the image it's crazy

Completely meaningless you're faraway, on other side  
Being manipulated by you up to imaging  
Now, it feels like something is missing imaging

When I try to look into the meaning behind your gaze  
Every coming down  
Breaking again oh out of proportion crazy

Do... while do... while do... while  
Say imaging crazy

Visualizing wishes that I can't comprehend and quietly praying for the morning to come  
Unable to sleep, I keep dreaming because I'm always thinking of you  
Do the image it's crazy stop

My halted progress to the distance, go your way  
Chasing after you twisted in my imagination  
But even then, I still can't touch you imaging

Behind your meaningful smile  
Never turning back  
Freezing again oh there's no end to this crazy

Do... while do... while do... while  
Say imaging crazy

Wanting something I'll never reach and missing my chance tomorrow surely wishes for this too  
Unable to sleep, I keep dreaming because I want to be with you longer

An image I can't grasp the morning sun will never shine on it either  
Soon 3 2 over you

Do the image it's crazy  
Imaging crazy

Visualizing wishes that I can't comprehend and quietly praying for the morning

ng to come

Wanting something I'll never reach and missing my chance tomorrow surely wishes for this too

Unable to sleep, I keep dreaming because I'm always thinking of you

Unable to sleep, I keep dreaming because I want to be with you longer

Do the image it's crazy
