Yes or no

I feel I'm jammin' out! do you wanna jam?  
I feel I'm jammin' out!  
I feel I'm jammin' out! do you wanna jam?  
I feel I'm jammin' out!

I feel I'm jammin' out! do you wanna jam?  
I feel I'm jammin' out!  
I feel I'm jammin' out! do you wanna jam?  
I feel I'm jammin' out! do you wanna jam for me?

Slipping through the chaos and the order  
That danger and determination  
If we go around that corner, we could kiss  
Yes or no or something else

I was supposed to be doing the chasing, but I'm the one being cornered I want to hold you  
So that you could say you want to stay friends "for now", you called me out to this place?

Because you always say "now" if it was a maze, I'd get lost  
Let's go to someplace that doesn't have "now" I want to escape with you so why?  
Why can't we get away from this "now"?

I feel I'm jammin' out! do you wanna jam?  
I feel I'm jammin' out!  
I feel I'm jammin' out! do you wanna jam?  
I feel I'm jammin' out! do you wanna jam for me?

For as long as I love you, there're rules that can't be omitted as it is, I'm at a disadvantage

"Now", we're pretending to be lovers this sweetness is bittersweet

Tomorrow and the day after too no matter when, will you always say that?

"Now's not the time" "we can't right now"

That annoying "now" is still tying me down

Even a hundred years later or a thousand years later

You'll say we can't

I feel I'm jammin' out! do you wanna jam?

I feel I'm jammin' out!

I feel I'm jammin' out! do you wanna jam?

I feel I'm jammin' out! do you wanna jam for me?

No matter how many times you throw, you miss on this ring toss game you'll always land outside of my circle

Stop playing with that ring already it just seems like I'm being strangled

Slipping through the chaos and the order

That danger and that determination

If we go around that corner, we could kiss

Yes or no□

I feel I'm jammin' out! do you wanna jam?

I feel I'm jammin' out!

I feel I'm jammin' out! do you wanna jam?

I feel I'm jammin' out!

I feel I'm jammin' out! do you wanna jam?

I feel I'm jammin' out!

I feel I'm jammin' out! do you wanna jam?

I feel I'm jammin' out! do you wanna jam for me?
