Could it be that you've noticed□
Or are you pretending not to notice on purpose□
Am I just a good friend to you□
It's not that kind of ideal

No matter when it is, I approach you
Even if I don't fail, it's in vain
An Italian restaurant it seems like you would like
Incorrigibly, I invited you out

"Even though you know about such a nice restaurant
You didn't have someone to invite out?"

(That's not it) "what kind of girl is your type?"
(That's not it) "you're alone"
(That's not it) "you're a domestic type, so someone will definitely, absolutely fall for you"
(That's not it) "or maybe"
(That's not it) "there's a girl you like?"
(That's not it) "by the way, why don't you have a girlfriend?"
That's not it it's your fault sooner or later, please notice it

I'm only anxious, but it can't be helped
If I try hoping for something, there's no end to it
Suddenly, our eyes meet you smile at me and ask "then why not?"

The emails from you the emoticons are heart marks, but I don't understand them

I want to hear what you really mean I prepare myself and call you

There's no one else

That I can talk about anything with

(Then why?) "you're nice"

(Then why?) "and you're fashionable too"

(Then why?) "if I went out with you, it'd definitely, absolutely be a lot of fun"

(Then why?) "I want to have a good time with you again"

(Then why?) "going driving would be nice"

(Then why?) "let's always stay friends"

That's not it how long is this kind of relationship going to continue

(That's not it) "what kind of girl is your type?"

(That's not it) "you're alone"

(That's not it) "you're a domestic type, so someone will definitely, absolutely fall for you"

(That's not it) "or maybe"

(That's not it) "there's a girl you like?"

(That's not it) "by the way, why don't you have a girlfriend?"
