Come on, clap hands  
Come on, clap hands  
Come on, clap hands  
Come on, clap hands

We've always been tangled together and we can't get loose  
You take such a long, rigid deep breath  
I tried to imitate you I don't think I'll be falling into a trance  
Wouldn't it just be easier to take everything off?

Don't pretend  
A style that's only for now grab a hold of it  
Make it ring out 1 2 3

Come on, clap hands  
Feeling as you are, clap your hands and keep walking  
Come on, clap hands  
We can't be stopped we're not interested in waking up from our dreams  
Don't be silent hurry and come here  
Come on, clap hands  
Share the joy

Even imagination even words you don't say  
Surely there's more I'm holding on to the feelings that made it to me  
That's right, go out overcome your limits  
Go further the passing seasons in my life

Don't stop  
Saying, "I looked at tomorrow" and "it's no good"  
Go forward 1 2 3

Come on, clap hands  
Today we're walking towards all of you again  
Come on, clap hands  
We can't be stopped while making our footsteps heard  
Don't go looking for us we're always right here  
Come on, clap hands  
If I'm with you, I'll be alright

Until the constant clapping echoes all the way to you, don't sigh  
Clapping hands don't let go, hold my hands  
No matter what kind of words, no matter the song I wonder if the clap will make it to that far, far away place  
Yeah go forward endure and go forward

Make it ring out 1 2 3

Come on, clap hands

Feeling as you are, clap your hands and keep walking  
Come on, clap hands  
We can't be stopped we're not interested in waking up from our dreams  
Don't be silent hurry and come here  
Come on, clap hands

Come on, clap hands  
Today we're walking towards all of you again  
Come on, clap hands  
We can't be stopped while making our footsteps heard  
Don't go looking for us we're always right here  
Come on, clap hands  
Clap your hands

Come on, clap hands  
Clap your hands

Don't be silent hurry and come here  
Come on, clap hands
