"Yeah, I guess so" "yeah, that sounds right"  
Because I kept agreeing for the sake of agreeing (a rainy day in town)  
You said, "there's no feeling in that!"  
And started to sulk

Watching the scenery going by outside the window  
You soon cheered back up  
And were smiling just as before

Whoa whoa  
Together together oh!  
Happy on the rainbow!  
We don't have anything planned  
Together together oh!  
Happy on the rainbow!  
For us, everything is unexpected

It's nice that we got to go out to the seashore, but...  
The sun has been swallowed up by the clouds (a rainy day in town)  
Looking tearful, you said  
"At least I have an umbrella"

It rained so much we wanted to laugh  
The umbrella was of no use  
And in the end, we saw a gorgeous rainbow

Whoa whoa  
Together together oh!  
Happy on the rainbow!  
"It's so beautiful," you said  
Together together oh!  
Happy on the rainbow!  
And I said, "yeah, it is"

Today we'll try walking along the sandy beach with the umbrella  
Because we might come across something unexpected in this sky

Whoa whoa  
Together together oh!  
Happy on the rainbow!  
We don't have anything planned  
Together together oh!  
Happy on the rainbow!  
For us, everything is unexpected

Together together oh!
