Hey! today, will you forget everything with me? okay?

Raise your hands! even if we slip and fall, we can't stop!
Raise your hands! the music goes all the way to the sky!

They were great the motions you made while walking ahead of me on the beach
that extends out
Hey! today, will you forget everything with me? okay?
How about shaking your hips? the sound waves push us up against each other
n the dance floor
A,b,c, delight!
Let's keep dancing! the radiance is like moonlight
