Let's do the rock that we love tonight it's here now's the time to rock tonight, alright!

The breeze is a tailwind even if we ride the waves... big wave!
Is it just momentum? no! we understand it in its own way
Become one together but even if we're showy, life's short so there isn't really much free time, is there?

Even if you say "it's affection" or "it's love", you can't explain the reason behind it
Some way or other, doing your best we're here
We feel the same, right?

Let's do the rock that we love tonight it's here now's the time to unite together
The words that we shoot off, make it loud! let me hear it some more make it.
..
Loud! loud! loud! loud! everybody, rock tonight, alright!

No matter what happens, if we can say that right now is amazing, then isn't that good enough?

Going around and around, we're slowly swaying together
That's the way that you and I are here now
Let's dance tonight too!

If we gather miracles here, we can rock tonight we don't know how to stay still unite together more
With these growing emotions, make it loud! kick up the volume make it...
Loud! loud! loud! loud! everybody, rock tonight, alright!

No way! no fake! always! tonight!

Let's do the rock that we love tonight it's here now's the time to unite
If we gather miracles here, we can rock tonight we don't know how to stay still unite together more
The words that we shoot off, make it loud! let me hear it some more make it.
..
Loud! loud! loud! loud! everybody, rock tonight, alright!
