2 Blunted

Arca

I'm feeling crazy, and I
I'm kinda faded, but I
I'm just too blunted, mane, we all too blunted
I'm finna stunt the drop top to push the lot back down
Pop that pussy

I'mma hit it, 'cause, love, when I hit it up
I'm feelin' super high, I'm finna touch the sky
Higher, won't you climb higher?
This thing that you desire is in my eyes

You got me faded and I'm feelin' like we made it
Like you just got hot, and this my number one, hun
I can put you up, oh, nah, I'mma take you with
Ahh, I hate it when
I like it

You got me faded and I'm feelin' like we made it
Like you just got hot, and this my number one, hun
I can put you up, oh, nah, I'mma take you with
Ahh, I hate it when
I like it
