

# Unconditional

Arca

It creeps over me  
Inside of me  
It suffocates  
I guess you're winning now  
Again  
You do the worst things  
In the right ways  
I guess you're winning now  
Again

What you are  
Who you are  
Right there  
Right here  
Stood in front of me

Good intentions  
Won't help you  
I don't trust  
You do what you do  
Because of me

(You poison all the roots of me)  
You poison all the roots of me  
Till I'm only  
The stem  
You poison all the roots of me  
You see me waving all in the breeze (breeze)  
And you're blowing again

This love was meant to be  
Unconditional  
The lie started then  
This love was meant to be  
Unconditional  
The lie started then  
This love was meant to be  
Unconditional  
The lie started then  
This love was meant to be  
Unconditional  
The lie started then  
This love was meant to be  
Unconditional  
The lie started then

Again  
Again, again  
Ag-again  
Ag-again-ain-ain  
Ag-again  
Ag-again-ain-ain  
Ag-again-ain-ain
