Too hot for the night
I'm loose, can't even act right
Two shots and a guy my height
Real talk, that's rude
I forget you don't know that I move like this
Lowkey, real shady
A girl like me on a flex daily
It's a lot, it's a lot
When I know my mind
Do I look bad breed?
'Cause I ain't got time
No feelings, no exclusive
Your chick knows I come through ruthless
Come through with your chest, don't gas
You're a baddy doing bits
Or you wet like the rest?
(Uh, uh, uh)

Too hot for the night
I'm loose, can't even act right
Two shots and a guy my height
Real talk, that's rude
I forget you don't know that I move like this
Lowkey, real shady
A girl like me on a flex daily
It's a lot, it's a lot
When I know my mind
Do I look bad breed?
'Cause I ain't got time
No feelings, no exclusive
Your chick knows I come through ruthless
Come through with your chest, don't gas
You're a baddy doing bits
Or you wet like the rest?

I'm, I'm too hot for the night
But, but I might
I'm too hot for the night
I'm, but, I'm, but I might
I'm, I'm too hot for the night
But, but I might
I'm, I'm too hot for the night
But, I'm, but I might
I'm too hot for the night
But, but I might
Too hot for the night
But, but I might
I'm, I'm, but (Uh, uh), but I might
I'm too hot for the night
I'm, but, I'm, but I might
I'm, I'm

Go lit, go off
Just, just
