

# Age of Anxiety I

**Arcade Fire**

It's the age of doubt  
And I doubt we'll figure it out  
Is it you or is it me?  
Age of anxiety  
(Are you talking to me?)

Fight the fever with TV  
In the age where nobody sleeps  
And the pills do nothing for me  
In the age of anxiety

When I look at you  
I see what you want me to, see what you want me to  
When you look at me  
See what I want you to see  
What I want you to see

In the age of  
Living in the age of  
Living in the age of  
In the age of  
Living in the age of  
Living in the age of

It's a maze of mirrors  
It's a hologram of a ghost  
And you can't quite touch it  
Which is how it hurts us the most

So we keep it all inside  
And hide it deep in a drawer  
Say your prayers tonight  
Someone finds it after the war

And when I look at you  
I see what you want me to, see what you want me to  
When you look at me  
See what I want you to see  
What I want you to see is me

In the age of  
Living in the age of  
Living in the age of  
In the age of  
Living in the age of  
Living in the age of  
Anxiety

Gotta get this spirit out of me  
This anxiety that's inside of me  
Gotta get the spirit out of me  
This anxiety that's inside of me

Gotta get this spirit out of me  
This anxiety that's inside of me, baby  
Gotta get this spirit out of me  
This anxiety that's inside of me, baby

'Cause I can't stop crying and I really think I mean it but  
The tears mean nothing to me  
Another lost alien arriving on my spaceship in the age of anxiety  
We can't stop crying and we really think we mean it  
But the tears just fall on the sheets  
Another lost soul just trying to feel something  
Trying to feel something  
Trying to feel something in the age of

Are you talking to me  
Or about me?  
Am I talking to you  
Or about you?

It's all about you  
It's all about you  
It's all about you (It's not about you)  
It's all about you (It's not about you)  
It's all about you (It's not about you)  
It's all about you (It's not about you)
