## **Black Mirror**

**Arcade Fire** 

I walked down to the ocean After waking from a nightmare No moon, no pale reflection Black Mirror, Black Mirror

Shot by a security camera You can't watch your own image And also look yourself in the eye Black Mirror, Black Mirror, Black Mirror

I know a time is coming All words will lose their meaning Please show me something that isn't mine But mine is the only kind that I relate to Le miroir casse The mirror casts mon reflet partour Black Mirror, Black Mirror, Black Mirror

The black mirror knows no reflection It knows not pride or vanity It cares not about your dreams It cares not for your pyramid schemes Their names are never spoken The curse is never broken The curse is never broken
