

# Get Right

**Arcade Fire**

Better get right  
Before you die  
Better get right

'Cause you can't take it down with you  
Where you're going to  
No, you can't take it down with you  
Where you're going to

And forever (ever) is longer than you could ever  
Yeah, forever (ever) is longer than you could ever  
Imagine

Better get right (right)  
Better get right (right)
