

## Surf City Eastern Bloc

Arcade Fire

It's a shame about the roadblock  
We're afraid that we'll get caught or stopped  
Let's go right now, surf city eastern block  
I'm in the trunk, my surfboard on top

The eighties ain't been kind to anyone  
I just want to find myself some sun  
It's 1984, I'm on the run  
Goodbye Berlin, hello Autobahn

It's a shame about the roadblock  
If they catch us we won't ever talk  
Let's go right now, surf city eastern block  
I'm in the trunk when the inspector knocks
