

## Surf City Eastern Block

Arcade Fire

It's a shame about the roadblock, we're afraid that we'll get caught or stopped  
Let's go right now, surf city eastern block  
I'm in the trunk my surf board on top

The eighties ain't been kind to anyone, I just wanna find myself some sun  
It's 1984, we're on the run, goodbye Berlin, hello Autobahn

It's a shame about the roadblock  
If they catch us, we won't ever talk  
Let's go right now surf city eastern block
