

# Year of the Snake

Arcade Fire

It's that time of the season  
When you think about leaving  
Oh, woah  
I knew that you would, I knew that you would

In the season of strangers  
When we were in danger  
Oh  
I reached out to you like you knew that I would  
Like you knew that I would

It's the season of change, and if you you feel strange  
It's probably good

In the year of the rabbit  
I picked up the habit  
Of waiting on you  
In the year of the snake  
I made a clean break  
And try something new

I fly in my Aerostar  
I picked up a new scar  
I tried to be good  
But I'm a real boy  
And my heart's full of love  
It's not made out of wood  
So do what is true, don't do what you should

It's the season of change  
And if you feel strange  
It's probably good

Season of change  
If you feel strange  
It's probably good  
Season of change  
If you feel strange  
It's probably good

Let your heart break  
Let the earth quake  
Let the stars of Texas fall on the lake  
Just do what is true, you ain't gotta be fake  
Let the fire blaze  
Let the light change  
Let the heavenly body fall out of phase  
It's the new age, don't do what you should

It's the season of change  
It'll make you feel strange  
It's probably good

Season of change  
If you feel strange  
It's probably good  
Season of change

If you feel strange  
It's probably good

It's the year of the snake so let your heart break  
It's the year of the snake so let your heart break  
It's the year of the snake so let your heart break
