Arcane Roots

How do you do, what you do
When you know
That I'm waiting here?
What did you have to show
Now I know
That you can't catch me when I fall

When will you do what you say?
Now you've done what you did
When you brought them down, down, down, down, down
Is everything you do just a show?
Just a show

So what are you waiting for?
What are you waiting for?
What are you waiting for?
What are you waiting for?

So what we had worked
Now I'm old and crippled with hurt
It's always me that flirts
But it's me the holds in the dirt

So what are you waiting for?
What are you waiting for?

Hold me now, I'm better left
Don't let go, I'll bury it
It's lies I know
It's lies I know

I showed you were it'd hurt
(And this place just makes it worse)
A curtain to our time
I'm seeing all my faults
And it seems
I fell unto her

So what are you waiting for?
What are you waiting for?

Hold me now, I'm better left
Don't let go, I'll bury it
It's lies I know
It's lies I know

And If I did it all again
I won't come running straight to you.
Straight to you

So what are you waiting for?
What are you waiting for?
What are you waiting for?

What are you waiting for?
What are you waiting for?
What are you waiting for?

What are you waiting for?

So what are you waiting for?

What are you waiting for?

So what are you waiting for?

What are you waiting for?

What are you waiting for?

What are you waiting for?
