

# Deceiver, Deceiver

Arch Enemy

Secrets whispered through a veil of lies  
When did I become this person you despise?

Open my eyes  
You've been in disguise  
The door is closing  
You're on the outside now  
It's curtain call

After everything I did for you  
This is what you choose to put me through?  
What happened to the concept of loyalty?  
I guess there really is no more honesty!

Open my eyes  
You've been in disguise  
The door is closing  
You're on the outside now  
It's curtain  
It's curtain call

Deceiver, deceiver  
My head still spinning from your Judas kiss  
Deceiver, deceiver  
Not one thing about you I will miss

You put on a great act, I'll give you that  
Go on and take a bow you despicable rat  
Accept the applause, you king of whores  
This is your grand finale

Deceiver, deceiver  
My head still spinning from your Judas kiss  
Imposter, I see you  
Thou beest slain, tyrant, show thy face!

Open my eyes  
You've been in disguise  
The door is closing  
You're on the outside now  
It's curtain call  
It's curtain call

Deceiver, deceiver  
I see... you!
