

## Empyrean Armageddon

Archgoat

Ten kingdoms yet to dawn  
As the eleventh king will arise  
Visions of the four great beasts  
Shall finally be fulfilled  
The Antichrist in their midst  
The Son of Perdition shall come  
Persecuting blasphemous power  
To prevail against the saints

Empyrean Armageddon  
Above the temple of God

Ten horns spring from the beast  
The horns like the eyes of man  
Mouth speaking of the great things  
Grand blasphemies against the God  
Cattle of God expelled away  
Baptized with their own ignorance  
God's mark carved on their forehead  
Tasting everything that is from God

7 Seals - with songs of triumph  
7 Trumpets - angels of darkness  
7 Plagues - beyond the horizon  
Hail the serpent who circles the world

The dawn, the moon and the Morningstar  
Overthrow the fading light  
The sun has now turned to darkness  
And the moon to crimson blood  
Embrace the storm of all storms  
As the freezing winds blow  
The time has come to wash away  
To wash Christianity away

Empyrean Armageddon  
Above the temple of God  
Antichrist enthroned  
Above the throne in Heaven  
Empyrean Armageddon  
Above the heights of clouds  
Antichrist enthroned  
Iron kingdom will arise
