The Light-devouring Darkness

Archgoat

Belives of the lowliness Of Christ's false holiness Those weak of the soul Earth you shall eat The light devouring darkness the great fallen spirits Gratification of their lust The virgin shall conceive Him who denies Jesus Christ Hail the great triumphant one In his own name he comes Burning down the seven churches All the world worship the beast Conquest, slaughter, dearth and death The lamb, the woman and her seed Cast in the pool of eternal flames She spiritual darkness now shall reign
