Let Go

Archie Star

Step outside my feet meet the pavement And im alright Ladadada I drive up and i see her outside Honey please come back to me just one time So what Are you doing here You know exactly What im doing here Just let this go i can't let gooo And she's got me screaming At night when im dreaming Hes got me thinking Im not good for anything Look at this mess we've made With only ourselves to blame I know all about your midnight mistakes But i play dumb Because the truth i can't face And i know about All your mistakes Like all of the guys You were with on spring break Come on just stop Im so sick of fighting And i look fine now But inside im just dying Just let this go i can't let go And she's got me screaming At night when im dreaming And he's got me thinking Im not good for anything
