

## What you want to be

Archie Star

This moment went my too fast,  
it slipped right threw both our hands.  
I'm so pretty but I, feel like a car crash.  
Pull me over to the side of the road.  
I don't need you but I hate that you feel like home.

If this is what you want to be then being without me.  
That I don't need you(no no)  
Then I don't need you at all.  
Then I don't need you at all.  
That I don't need you at all.

I took the last of of his cash, it's only resident nash.??  
I'm so pretty but you, already knew that.  
20 years you'll wake up in bed.  
I won't be there but you'll hate that I'm in your head.

If this is what you want to be then being without me.  
That I don't need you(no no)  
Then I don't need you at all.  
Then I don't need you at all.  
That I don't need you at all.

I-I- Let me tell you something.  
Your crazy. Your selfish.  
You make me so helpless.  
You make me so helpless.  
I hate who I have to be without you letting me.  
Your crazy. Your selfish.  
You make me  
You make me

If this is what you want to be then being without me.  
That I don't need you(no no)  
Then I don't need you at all.  
Then I don't need you at all.  
That I don't need you at all.  
Then I don't need you at all.
